NET VOLUME: 10 LITERS

GENERAL INFORMATION

NEXUS BORON 10% is an effective, readily available source of boron for soil and foliar applications to plants. It may be applied in water or mixed with most liquid fertilizers, micronutrients, or pesticides.

COMPATIBILITY: NEXUS BORON 10% is compatible with many liquid fertilizers, micronutrients, and pesticides. Addition of NEXUS BORON 10% to these products should not be done without first testing compatibility on a small scale.

When mixing with pesticides, dilute NEXUS BORON 10% with water prior to the addition of buffering agents and pesticides.

Follow all directions and precautions on pesticide labels prior to mixing with NEXUS BORON 10%.

CONDITIONS OF SALE AND WARRANTY

NEXUS Ag Business, Inc. warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated when used in accordance with the use directions under normal conditions.

The directions for use of this product are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as timing and method of application, weather and crop conditions, presence of other materials, or other influencing factors, all of which are beyond the control of NEXUS Ag Business, Inc. and Seller. Buyer and user acknowledge and assume all risks and liability resulting from the handling and use of this material not in strict accordance with directions given herewith. In no case shall NEXUS Ag Business, Inc. or the Seller be liable for consequential, special, indirect, or incidental damages or losses resulting from the handling or use of this product. The foregoing is a condition of sale by NEXUS Ag Business, Inc. and is accepted as such by the Buyer.

For more information on use of this product, please contact a professional agricultural consultant. This product should be used on the basis of a soil and/or tissue analysis.

DIRECTIONS FOR USE

Soil test recommendations should be followed for best results.

FOLIAR APPLICATIONS: Apply with enough carrier to thoroughly cover all foliage. Early morning or late evening applications give the best results.

SUGGESTED FOLIAR APPLICATION RATES

Field Crops: Alfalfa, Beets (Sugar), Canola, Flax, Corn, Sunflowers, Soybeans, Wheat, Barley, Oats, Peas, Lentils, Beans from 1.25L/Ha (0.5L/acre) to 5L/Ha (2L/acre)

SOIL APPLICATIONS: Apply with sufficient carrier to give complete coverage. Soil applied boron must be moved into the root zone to be absorbed by the plant. This can be accomplished by irrigation, rainfall, or tillage.

SUGGESTED SOIL APPLICATION RATES

Field Crops: Alfalfa, Beets (Sugar), Canola, Flax, Corn, Sunflowers, Soybeans, Wheat, Barley, Oats, Peas, Lentils, Beans from 7.4L/Ha (3L/acre) to 17.25L/Ha (7L/acre)

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

STORAGE: Store in a cool place out of direct sunlight. May be stored in unheated facility. Spills from broken containers can be cleaned up by absorbing on clay or other suitable absorbent.
