

NEXUS COPPER 7.5% EDTA

GUARANTEED MINIMUM ANALYSIS

Copper (Cu) (Chelated) (Actual).....	7.50%
EDTA (chelating agent).....	36.1%

GENERAL INFORMATION

NEXUS COPPER 7.5% EDTA is a fully chelated solution of copper EDTA and is recommended for the prevention and correction of copper deficiency in crops. The preferred use is as a soil application to prevent the deficiency although it may also be used as a foliar spray to provide correction when a soil application is impractical.
